WANDO HIGH SCHOOL

AFJROTC Community Service Log Sheet

Cadet Name:_____ Flight:_____

The mission of Air Force JROTC is to develop citizens of character dedicated to serving their nation and community. With that in mind, the staff of this unit believes that giving back to our community is just one way we can all be better citizens. Therefore, one of the goals for our unit is for each cadet to perform at least 20 hours within the school year. Requirements for promotion within JROTC is to volunteer at least 5 hours prior to the October promotion ceremony. An additional 10 hours will need to be completed by 31 January and the remaining 5 hours need to be completed by 31 March. Please get prior approval from one of the JROTC instructors for non-JROTC sponsored events to ensure your volunteer hours will count towards your community service hours for promotion. Cadets are responsible for getting a representative from each location to vouch, sign and date your volunteer hours.
